Chapter 1 by Calcifer

Describe, your feelings, your dreams, failures, wishes, but overall talk about your own fragile.

I liked to focus on my dreams. They allured me like once, I dreamed of being a traveler who would fly across the sky in search of a special door(that was one of my odder ones), but one day it happened and I was really scared(I think I panicked, a little too much than I should have). I guess no one thought very deeply about it or didn't crave the feeling like I did, but I stopped dreaming. Sure, you supposedly dream 9 times a night, but I stopped perhaps...

remembering.

Of course, I have other problems in life, financial, broken heart, and parental expectations, but even in the dark living room with my laptop and a fizzing can of Sprite, I wish to fly again.
